PRECAUTIONS

WARNING

Read the following information before using this product. Failure to adhere to these terms and precautions could compromise safety, cause product malfunction and/or void a portion of your warranty.

Electrical power surges are a leading cause of problems with electrical circuits. In order to help protect your investment in case of a power surge or outage, use an electrical surge protection device (not included).

WARRANTY WARNING!

Do not open or tamper with the transformer, control box, motors, or remote control (with the exception of opening battery compartments as necessary). Your product warranty will be void if these components are tampered with.

Do not remove the law label attached to the base of this product. Removing the law label may delay the processing, or void all or a portion, of your warranty claim.

SMALL CHILDREN AND PETS:

Immediately dispose of all packing materials as they can smother, choke, or otherwise harm small children and pets. Do not allow any person or pets under the bed. Children, convalescents, and disabled persons should not operate the bed without adult supervision.

HOSPITAL OR CONVALESCENT USE DISCLAIMER:

This adjustable base is designed and engineered for a lifestyle of in-home comfort and not intended for hospital use, for a bed-ridden persons, or for an extended recovery. This product is not equipped with bars to help persons get safely in and out of bed and is not intended for use around tent type oxygen therapy or explosive gases.

PRODUCT RATINGS:

The product's lift motors are not designed for continuous use of more than 2 minutes in an 18 minute period, or approximately 10% duty cycle. Any attempt to circumvent or exceed this rating will shorten the life expectancy of the product and may void the warranty.

WEIGHT LIMITS:

The limitation for this product is 850 lbs. This product will structurally support up to 850 lbs, provided the mattress is evenly distributed across the product and the weight isn't concentrated in one area. This product is not designed to support or lift such amounts in the head or foot section alone. Exceeding this weight restriction will void the warranty and could damage the bed and/or cause injury. Enter and exit the bed in a flat position and do not sit on the head or foot sections while this product is in the raised position.

ELECTRONIC MECHANISMS:

It is normal for the raising and lowering feature of this product to emit a minimal humming sound during operation. The massage feature creates a vibrating hum during operation and the resonance will increase accordingly with a higher intensity motor setting.

LOCATION ENVIRONMENT:

The level of sound experienced in a room is directly related to the environment within that location. In a room with hardwood floors and the massager turned on, a vibrating noise may be noticeable. Placing a piece of carpet or rubber casters cups under the legs of the product may reduce this resonance. The rubber caster cups also prevent the product from sliding when located on smooth or hard surface flooring.

TO REDUCE THE RISK OF SHOCK, BURNS, FIRE OR INJURY:

Make sure the product is in the flat position before unplugging from power source. Always unplug the product from the electrical outlet before cleaning or servicing the product. If the cord or plug is damaged, document the damage and contact customer service for advisement on continued use.

FCC COMPLIANCE:

This device complies with part 15 of the FCC Rules for residential use. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radio Frequency: 2.4 GHz

EMERGENCY BATTERY BACKUP:

In the event that the product is stuck in an articulated position during a power outage, the battery backup in the transformer will return the product to the flat position. To do this, install two new 9 volt alkaline batteries into the battery compartment of the transformer. Use the reset button on the control box or the extension cord from the control box to the transformer to return the base to the flat position. Remove batteries after lowering.

Batteries should not be used for normal operation of the product.

PARTS LIST

Check and verify all parts are included before discarding any packing materials. All electronics and components that need to be installed are located in boxes under the base or attached to the frame.

 <p>A) Wired Remote Control (1)</p>	 <p>B) Mattress Retainer Bar (1)</p>	 <p>C) Power Cord (1)</p>
 <p>D) Transformer (1)</p>	 <p>E) Control Box(1)</p>	<p>F) Control Connector(1)</p>
		<p>F) Round Remote(1)</p>

Important: We strongly recommend two able-bodied adults setup and assemble this product.

SET UP & INSTALLATION

Step 2:

With two able-bodied people, place carton on floor and remove the lid on the box.

Step 3:

It is recommended to test the bed while still in the box before fully setting up.

- Connect the Transformer “D” to Control Box “E”.
- Plug the power cable from the Control Box “F” into the short electrical output cord on Transformer “D”.
- Extend the Power Cord “C” and plug it into the Transformer “D”.
- Then plug the 12 mm connector “F” into the control box “E”.
- Connect the other end of the control connector “F” to the stationally round remote control “G”. (See Figure 1)

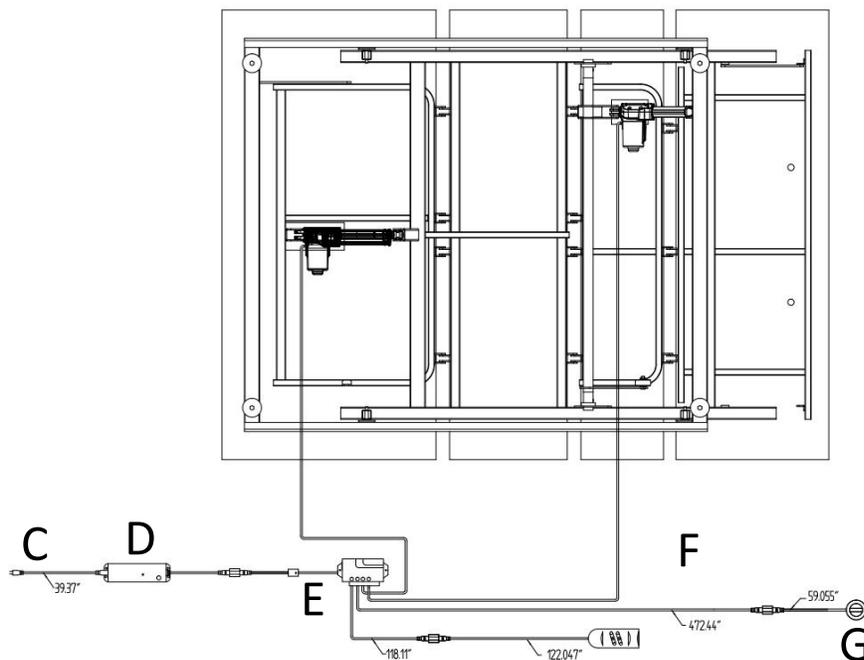

Figure 1

Step 4:

Plug the Power Cord into a grounded electrical outlet. A surge protector is recommended.

Using the Wired Remote Control, push the HEAD UP button and then push the FOOT UP button (Figure 2). If the motors are working, skip to step 5.

NOTE: The actuator is a gravity down motor, which needs weight to be lowered.

Figure 2

WE STRONGLY RECOMMEND:

In order to help protect your investment in case of a power surge or outage, use an electrical surge protection device with a battery backup system (not included) and plug it in to a grounded outlet.

Step 5:

With the help of your able-bodied assistant, carefully lift the adjustable bed frame and set it in place upright on its legs. Excessive pressure and dragging the bed without lifting may damage the legs. Remove all protective plastic covering.

Note: Check and make sure that all power cords are untangled and do not interfere with any adjustable bed mechanisms.

Dispose of covering properly to avoid injury.

Step 6:

Note: The Mattress Retaining Bar is mounted upside down for shipping only . Remove the Mattress Retaining Bar in the foot section of the bed and turn the bar upright and reinstall by carefully aligning and pushing the bar into place.

Insert the Mattress Retaining Bar into the holders at the foot of the bed. Insert the retaining clips to secure the bar in place. (Figure 3)

The Mattress Retaining Bar prevents the mattress from slipping off the base and should not be used as a handle of the base. Using as a handle will damage the retaining bar holders. Screws come out from the retainer bar holders will be considered as a damaged part and not a defective part and is not covered by the warranty.

Figure 3

Setup is now complete.

Plug your base back in and enjoy your new adjustable bed.

INNOVA SLEEP PRODUCT

1, 3 & 20 YEAR LIMITED WARRANTY

YOUR INNOVA ADJUSTABLE BED BASE (the “Product”) IS COVERED BY THE LIMITED WARRANTY SET FORTH HEREIN.

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

WE WARRANT THAT DURING THE APPLICABLE WARRANTY PERIOD, THE PRODUCT WILL BE FREE FROM DEFECTS IN MATERIALS AND WORKMANSHIP.

INNOVA’S RESPONSIBILITY FOR DEFECTIVE PRODUCTS IS LIMITED TO REPAIR OR REPLACEMENT AS DESCRIBED BELOW.

WHO MAY USE THIS WARRANTY?

Innova Sleep Products, Inc. (“Innova”) extends this limited warranty only to the consumer who is the original purchaser of a new Product (the “Purchaser”). It does not extend to any subsequent owner or other transferee of the Product. Floor model Products and Products sold expressly “as is” are not covered by this limited warranty.

WHAT DOES THIS WARRANTY COVER?

This limited warranty covers defects in materials and workmanship of the Product for the applicable Warranty Period specified below.

WHAT IS NOT COVERED BY THIS WARRANTY?

This limited warranty does not cover any damage due to: (i) transportation, (ii) storage, (iii) improper use, such as use other than personal use in-home exclusively by the Purchaser, (iv) failure to follow the Product operation and maintenance instructions in the Owner’s Manual, this limited warranty, or the Product Precautions, (v) modifications, (vi) unauthorized repair, (vii) normal wear and tear, and/or (viii) external causes such as accidents, abuse, or other actions or events beyond Innova’s reasonable control. This limited warranty also does not cover (a) damage to any products or materials used with, but not constituting or comprising, a Product (including but not limited to mattresses, fabric, cables, electrical cords or items supplied by dealers), (b) the costs of service calls unrelated to any defect (such as in connection with removal, installation, setup, in-home service calls solely for the purpose of educating the Purchaser about the Product or assistance with locating appropriate power connections), and/or (c) reimbursement for inconvenience, loss of use or any other costs or expenses.

WHAT IS THE PERIOD OF COVERAGE?

This limited warranty commences on the Purchaser’s date of purchase and lasts for the periods set forth below (the “Warranty Period”), and will not be extended if Innova repairs or replaces any Product or part:

Part Name	Parts Warranty Period	Labor Warranty Period
Motor	3 Year	1 Year
Transformer(s)	3 Year	1 Year
Remote Control	1 Year	1 Year
Control Box	3 Year	1 Year
Frame	20 Year	20 Year

WHAT ARE THE PURCHASER’S REMEDIES UNDER THIS WARRANTY?

Year One: Full Labor and Parts Coverage

With respect to any defective Product or part thereof (as listed above) during the first year of the Warranty Period, Innova will, in its sole discretion, either: (i) repair such Product (or the defective part) free of charge to the Purchaser, or (ii) replace the Product (or the defective part) with new or refurbished Product(s) or part(s) free of charge to the Purchaser. Innova will pay all authorized labor and transportation costs associated with any such repair or replacement.

Years Three: Limited Parts Coverage

With respect to any defective Motor, Transformer, Control Box or Frame part(s) during the second and third years of the Warranty Period, Innova will, in its sole discretion, either: (i) repair such Product (or the defective part) free of charge to the Purchaser, or (ii) replace the Product (or the defective part) with new or refurbished Product(s) or part(s); provided, however, that the Purchaser shall be responsible for the cost of all authorized labor and transportation costs associated with any such repair or replacement. This limited warranty shall not apply if the Purchaser does not return any and all defective parts to Innova promptly following Innova’s request.

Years Four through Twenty: Limited Frame Coverage

With respect to any mechanical part of the Product frame found to be defective during the fourth through twentieth years of the Warranty Period, Innova will, in its sole discretion, either: (i) repair such part free of charge to the Purchaser, or (ii) replace the defective part(s) with new or refurbished Product(s) or part(s); provided, however, that the Purchaser shall be responsible for: (a) all transportation costs associated with any such repair or replacement and (b) if the Product is replaced, the Purchaser shall pay to Innova an amount equal to one-twentieth (1/20) of the then-current replacement cost, times the number of years that have elapsed during the Warranty Period as of the time

the warranty claim is made. This limited warranty shall not apply if the Purchaser does not return any and all defective parts to Innova promptly following Innova’s request.

HOW CAN THE PURCHASER OBTAIN WARRANTY SERVICE?

To obtain warranty service, the Purchaser must call 1-877-386-1373 (US) or email Innova customer service at service@innovasleep.com during the Warranty Period. No warranty service will be provided, nor may any warranty claim be made, without: (i) the law label tags (see below for information on locating the law labels), and (ii) a sales receipt/proof of purchase showing the date of purchase, the amount paid and the place of purchase.

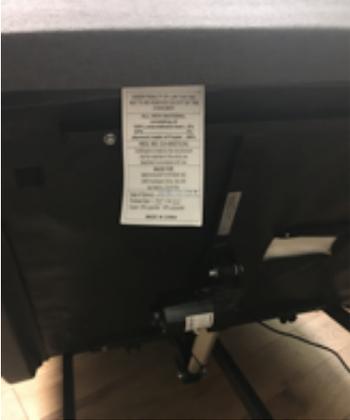

Innova and/or its service technicians shall not be responsible for moving furniture or any other items not attached to the Product in order to perform service on the Product. It is the sole responsibility of the Purchaser to provide adequate space and accessibility to the Product. In the event that Innova is unable to perform service due to lack of accessibility, the service call will be billed to the Purchaser and the service will have to be rescheduled.

Finding the Law Label

The law label is needed to verify all warranty claims. To locate the law label tags, use remote to bring head of base all the way up so that the base is in the below position:
